

Gastrointestinal Pathology Services

For gastroenterology practices and endoscopy centers, a trusted and reliable pathology partner with subspecialty expertise is essential. Oculus Pathology shares your goal of delivering excellent patient care. And, we share your goal of clinically appropriate, judicious testing.

The Oculus Pathology Difference

Our team reviews more than 50,000 gastrointestinal and liver biopsy/cases each year, giving us a depth and scope of expertise rarely seen outside of academic medical centers.

Our team of board-certified, experienced gastrointestinal pathologists offers expert diagnostic services with rapid turnaround times and second-to-none customer service. We provide comprehensive hepatic and gastrointestinal pathology consultation services for primary diagnoses and second opinion review. Routine special stains are available to facilitate rapid turnaround for standard cases. Our affiliated Immunohistochemistry Laboratory provides rapid turnaround times for additional tests.
