

Urologic Pathology Services

For urology practices, a trusted and reliable pathology partner with subspecialty expertise is essential. Oculus Pathology shares your goal of delivering excellent patient care. And, we share your goal of clinically appropriate, judicious testing.

The Oculus Pathology Difference

Our urologic pathology team has expertise in urologic oncology and nephropathology and provides exemplary services in prostate, bladder, testicular, and renal pathology. Kidney biopsies are evaluated using standard histopathology, immunofluorescent studies, and electron microscopy. Our affiliated Immunohistochemistry Laboratory provides rapid turnaround time for additional tests.
